The 5th Chengdu Creativity & Design Week

As a major large-scale cultural and creative design expo, DCHK, FHKKA and the Hong Kong Interior Design Association (HKIDA) will join hands to set up a “Hong Kong Pavilion” of about 1,000-square-metre at the expo.

Mingtang Creative Center

Mingtang Creative Center gathered more than 30 different cultural and creative communications teams in the fields of photography, music, carpentry, cultural communications, design, cafes, wineries and so on. DCHK will bring the most distinct and innovative Hong Kong products to exhibit at the Mingtang Creative Center and strengthen the links between Hong Kong’s design and manufacturing industries to overseas communities.

Fannmate Creative Area

Fannmate Creative Area is one of the national-level cultural industry demonstration parks of the Ministry of Culture. Through the “Dual-Band Promotion Programme”, DCHK will establish a product showroom in the Fannmate Creative Area to showcase different categories of products that are “Designed by Hong Kong” and “Made by Hong Kong”.
